Dear Councilmember Anderson:

In response to an inquiry your office received from Mr. Dennis Egge, the Honolulu Authority for Rapid Transportation (HART) responds as follows:

**Question:** How much of the \$1.85 billion is the cost of deconstructing what has already been built?

**Response:** HART has spent \$1.85 billion to-date through September 2015. In addition to the \$1.85 billion, an estimated \$150 million would be needed to remove and dispose of existing structures should the project be terminated. Please see Attachment 1.

If you should have any further questions regarding this matter, please do not hesitate to contact our office.

Sincerely,

Daniel A. Grabauskas  
Executive Director and CEO
